

BOSCH 5 Pin Relays - Normally Open
Sold Individually

www.bosch.com.au

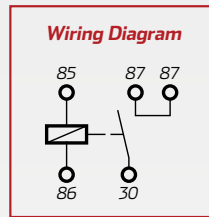

DESCRIPTION

Normally open 5 pin relay.
Suitable for wide range automotive or electrical applications.

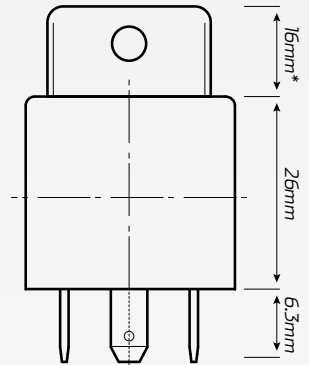

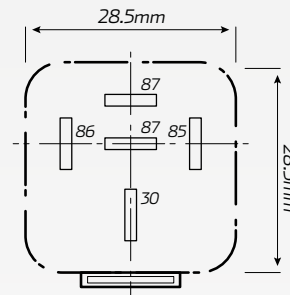

FEATURES:

- Up to 250,00 estimated switching cycles
- Silver tin contacts
- IP5K4 protection
- Withstand temperature range of -40°C to 100°C

TECHNICAL SPECIFICATIONS

Operating Temperature	• -40°C to 100°C
Contact Material	• Silver tin oxide
Mechanical Life	• Up to 250,000 cycles
Terminal Size	• 6.3mm
Dimensions	• 26mm x 28.5mm x 28.5mm

*Measurement only applies to relays with mounting tab. Please refer to table for mounting inclusion.

PART NUMBERS

Part Number	Voltage	Amperage	Protection	Mounting	Description
0332019150	12 Volt	30 Amp	-	Yes	12V, 30A 5 pin relay with mounting bracket.
0332019151	12 Volt	30 Amp	-	No	12V, 30A 5 pin relay.
0332019155	12 Volt	30 Amp	Diode	Yes	12V, 30A 5 pin relay with mounting bracket & diode protection.
0332019109	12 Volt	30 Amp	Diode	No	12V, 30A 5 pin relay with diode protection.
0332019203	24 Volt	20 Amp	-	Yes	24V, 20A 5 pin relay with mounting bracket.
0332019204	24 Volt	20 Amp	-	No	24V, 20A 5 pin relay.
