

Britax Twin Amber Rotating Mini Bar Beacon
#420 Series

www.britaxbeacons.com.au

DESCRIPTION

H1 twin amber rotating mini bar beacon. Features an aerodynamic design & quiet belt driven reflector. Equipped with dual rotators with flat mirror increasing visibility towards a wider viewing angle.

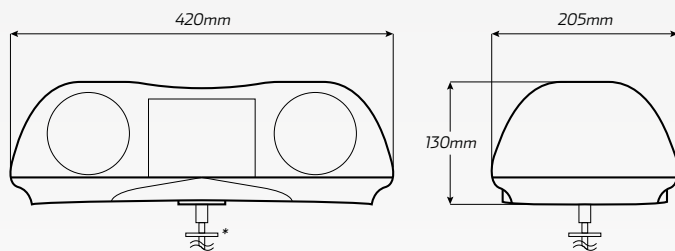

Rugged polycarbonate lens and ABS body. Dual voltage motor allows the beacon to be used as either 12V / 24V by simply changing the installed bulb.

FEATURES

- Single bolt, dual motor voltage, accepts 12/24V H1 globe
- Suitable for halogen globe up to 100W current
- Equipped with twin rotators with a flat mirror
- Quiet belt driven reflector rotates around fixed H1 bulb
- Aerodynamic design & rugged polycarbonate lens / ABS base
- Supplied with halogen globe (H1 P14.5s) (Part no specific)

TECHNICAL SPECIFICATIONS

DIMENSIONS

*Beacon is pre-wired with 250mm cable.

Voltage	• 12/24 Volt (dual voltage)
Wattage	• 100 Watt
Current Draw	• 9.2A @ 12V DC / 6.0A @ 24V DC
Halogen	• H1 P14.5s halogen globe
Colour	• Amber
Material	• Polycarbonate lens / ABS base

PART NUMBERS

Part Number.	Voltage	Mounting	Description
420-00-12V	• 12 Volt (Bulb included)	• Single bolt mount	• 420 Series rotating mini bar beacon. Supplied with 12V H1 globes.
420-00-24V	• 24 Volt (Bulb included)	• Single bolt mount	• 420 Series rotating mini bar beacon. Supplied with 24V H1 globes.
