

NARVA® Standard Blade Fuse Block - w/ Cover
THE VISION TO GO FURTHER
Sold Individually

www.narva.com.au

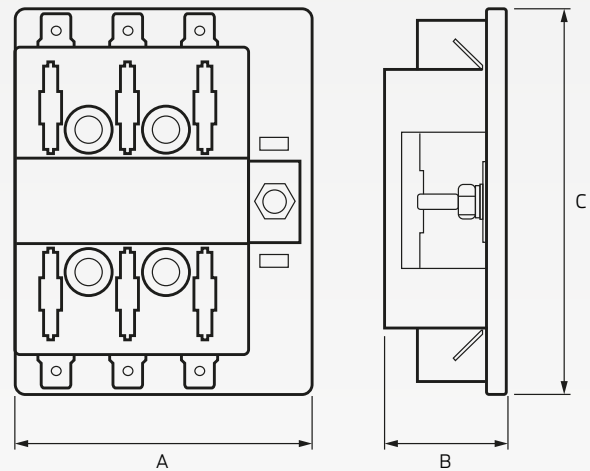

DESCRIPTION

Standard blade fuse block with clear cover & single power in.
Suitable also for use with plug in circuit breakers. Max of 25A per circuit at 12V. Up to 150A maximum total amperage per block.

TECHNICAL SPECIFICATIONS

Terminals to Suit	• Standard ATO fuses / Plug in circuit breakers
Voltage	• 12 Volt
Max. Circuit Amps	• 25 Amps per circuit
Max. Block Amps	• 150 Amps per block

DIMENSIONS

Part Number.	Dimensions (A x B x C)
54431	• 67mm (A) x 40mm (B) x 93mm (C)
54433	• 83mm (A) x 40mm (B) x 93mm (C)
54435	• 100mm (A) x 40mm (B) x 93mm (C)

PART NUMBERS

Part Number.	No. of Fuses	Max Current per Circuit	Max Current per Block	Description
54431	6 Fuses	25 Amps @ 12 Volt	150 Amps	6 way standard blade fuse block with cover & single power in. Also suitable for use with plug in circuit breakers.
54433	8 Fuses	25 Amps @ 12 Volt	150 Amps	8 way standard blade fuse block with cover & single power in. Also suitable for use with plug in circuit breakers.
54435	10 Fuses	25 Amps @ 12 Volt	150 Amps	10 way standard blade fuse block with cover & single power in. Also suitable for use with plug in circuit breakers.
