Automotive Battery Cable

Australian Made

DESCRIPTION

Australian manufactured, high density automotive battery cable with a plain copper conductor and the highest quality insulation. Designed for durability and reliability. Conforms to Australian Standard. RoHS Compliant.

TECHNICAL SPECIFICATIONS

Conductor	• Plain Copper Conductor to AS1125	Voltage	• AC 50V / DC 120V to AS/NZS 3000:2000
Insulation	• UV Stabilised V90 PVC to AS 3808:2000	Application	• Battery & Starter Cable

Part No.	Roll Length	mm ²	Amps	Colour
8BS30BK	30m	8 B&S (7.92mm ²)	75 Amps	Black
8BS100BK	100m			
8BS30RD	30m	8 B&S (7.92mm ²)	75 Amps	Red
