

**3dBi/6.5dBi Antenna
Town & Country Pack**
#ANU1200

3
YEAR
WARRANTY

www.oricom.com.au

DESCRIPTION

The ANU1200 features a new unique quick convert system for fast, hassle free interchangability of whips taking you from the flat to hilly terrain. This feature is ideal when entering low height garages and carparks. A cap is supplied to protect against water and dust when the extension whip is removed. It is an ideal addition for 4WDs and heavy vehicles.

FEATURES

- Quickly convert between 3dBi and 6.5dBi antenna
- Antenna can be mounted in any position to give the best range
- 3 year warranty

COMPRISES

- UHF CB antenna (3dBi) with 0.43m fiberglass pole and heavy duty spring base
- 1m fibreglass extension pole to convert antenna to a 1.4m 6.5dBi high gain antenna
- Grub screw and hex key to secure fibreglass pole
- 4.5 meter cable terminated with FME connector
