

6.5dBi 840mm UHF
Coaxial Black CB Antenna
#ANU206

www.oricom.com.au

3
YEAR
WARRANTY

DESCRIPTION

The ANU206 is a 6.5dBi UHF CB Antenna with an elevated feed, counter balanced spring and solid black fibreglass whip. The ANU206 counter balance spring allows the antenna to absorb vibrations, providing a better performance on corrugated roads. High-gain, low SWR transmit/receive makes the antenna an exceptional all-rounder.

FEATURES

- Counter balanced spring with black fibreglass whip
- Robust construction, suitable for any terrain conditions
- Elevated feed
- Ground independent
- 3 year warranty

COMPRISES

- 6.5dBi UHF CB antenna with counter balanced spring, elevated feed and fibreglass whip
- 4.5 meters coaxial cable with pre-terminated FME connector
- PL259 adaptor
