

Stop/Tail, Indicator & Reverse Lamp

#H2380

www.hella.com

Clear lens when not illuminated

LIFETIME WARRANTY

DESCRIPTION

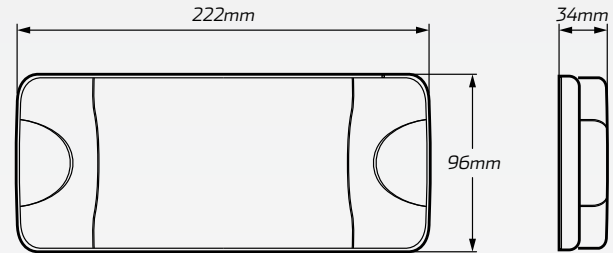

Multivolt combination stop/tail, indicator & reverse lamp. Equipped with ultra wide visibility optics allowing the lamp to illuminate a wider area (better side visibility). ADR approved.

Reverse polarity protected & is environmentally sealed up to IP6K7 & IP6K9K. Polarity protected. Pre-wired with a 2.5m cable.

Lifetime DuraLED® manufacturer warranty.

FEATURES

- 12-24 Volt stop/tail, indicator & reverse combination lamp
- Low profile slimline design
- Equipped with ultra wide visibility optics (wider view angle)
- Dust & waterproof up to IP6K7 & IP6K9K
- Reverse polarity and transient voltage suppressor protected
- Pre-wired with a 2.5m sheathed cable
- ADR approved
- Lifetime DuraLED® warranty

TECHNICAL SPECIFICATIONS

Voltage Range	• 12 - 24 Volt	Mounting	• Vertical side / horizontal rear (193mm CTC)
Function	• Stop/tail, indicator & reverse	Cable Length	• 2.5m sheathed multi core cable
Current Draw	• Stop: 5W, Tail: 1W, Ind: 4W, Reverse: 3W	UV Stability	• Yes
Current Protection	• Reverse polarity protected	Chemical Resistance	• Commonly used chemicals and washes
TVS protection	• 5000W Transient Voltage Suppressor	Dimensions	• 222mm W x 96mm H x 34mm D
IP Rating	• IP6K7 (dust & temporary water immersion) • IP6K9K (dust & high pressure/jet cleaning)	Approvals	• ADR 1/00 • ADR 49/00 • ECE R7/02 • E24 5870 • ADR 6/00: Cat 2a • ECE R6/01 • ECE R23/00
Lens Colour	• Clear when not illuminated
